

Tables, consoles and coffee tables with a tabletop in LG HI-MACS

A new monochromatic table to add to the successful Colors series.

A version with a tabletop in "LG HI-MACS"*, mass-pigmented in Alpine White.

STRUCTURE

Frame and legs in matt white lacquered aluminium.

Concealed joints. A patent from MDF Italia.

TOP

The 9 mm thick tabletop is made of "LG HI-MACS" * , mass-pigmented in Alpine White. It is built-in into the frame with no need of tools.

SIZES

Available in all sizes of the Colors family (except for 200x200 cm):

- Rectangular tables in 12 size options and square tables in 9 size options. Two size options for consoles. Height: 72 or 75 cm.
- Rectangular coffee tables in 12 size options and square coffee tables in 11 size options. Height: 30 or 15 cm.

The maximum sizes in the price list are determined by production limitations.

Measurement tolerances:

the top is 1 mm smaller at each side than the structure. Tolerances are +/-0,5 mm.

Due to the tolerances of the various materials, the top may lie slightly above or below the edge of the frame.

SPECIAL SIZES

Custom-made tables require extra work, consequently additional costs and longer lead time if compared with standard pieces. For lead time, please contact our Sales Department

- **In case of top size variation**, the price will be calculated on the basis of the next table measurement up from the size ordered plus 30%.

- **In case of height variation to max. 80 cm**, the extra charge stands at 15% .

***NEW MATERIAL LG HI-MACS**

75% of LG HI-Macs is composed of natural minerals and very fine acrylic, mass-pigmented in white. The most advanced production process ensures the highest quality of the surface and high technical performance.

Technical specs:

- It does not absorb: it is non-porous and extremely resistant to stains
- Its colour does not change over years
- It is ecological and hygienic thanks to the acrylic resin
- Easy to repair leaving no trace thanks to its homogeneous composition and mass-pigmentation
- Easy to clean: no special care is required. For everyday cleaning, simply use a damp cloth and a soft cleanser. Tougher stains can be removed using bleaching agent (apply just for 5 minutes and then rinse with a domestic all-purpose cleanser and water); stubborn stains, scratches and small cigarette burns can be removed with an abrasive creamy detergent.

LG HI-Macs is manufactured under the best environmental and quality certifications (ISO 9001 and 14001).
